PROHIBITION LOSES

Election Returns a Majority of Nearly 800 in Favor of Retention Of Saloons

(Special Correspondence.) Bolse, Idaho, Sept. 8 .- In the local op tion election today, the prohibition cause lost Ada county, by a majority of 797, with two small precincts to be heard from. The county precincts gave a majority of 290 for the drys, but the city of Boise rolls up a majority of ,187 in favor of the saloons. The victors celebrated tonight with processions and fireworks. Prohibition Chairman Kessler attributes the result to the fact that a large number of taxpayers and large number of taxpayers and laboring men were scared into be-lieving that there would be a disruption of business conditions, a slump in real estate valuations, and, a scarcity of

work.

The campaign for prohibition had been a hot one from the start and considerable feeling was stirred up. That interest in the outcome was keen, is shown by the very large vote polled. Nearly all who were eligible to vote went to the polls. Of the 16 precincts in Boise, all but three went wet, and these externed an agreeatic of only 129. those returned an aggregate of only 12 for the crys. The precincts where the three p 3 cipal dry leaders live, includting Chan man Kensler, all went wet by heavy majorities. The total vote in the city was 5.15, or which the wets se-cuired 2.166 and the drys 1.279. The total vote in the country precincts was 4.028, or which tree wets received 1.319 and the drys 1,709.
